### Role:

The successful applicant will have a key role in the re-opening and continued use of The Old School in 2021, both for the local community of Cove, Inverasdale and Naast, and for visitors from further afield.

Wester Loch Ewe Trust is looking for a Janitor to take care of our premises and carry out cleaning and maintenance duties as well as ensuring that local people, volunteers and visitors are safe on the premises.

Keeping our premises in a clean, safe condition in line with the Scottish Government's Covid-19 regulations for such public places is the aim.

The Janitor will report to WLET's Community Co-ordinator.

Your skills and experience may be as a janitor, or in building work, cleaning, or hygiene. We are looking for someone who can be reliable and consistent and can work independently, keeping regular written records of work. We also want you to have a welcoming approach to the public, and be in support of the aims of Wester Loch Ewe Trust.

### Organisation profile:

**Wester Loch Ewe Trust** owns The Old School on behalf of its community. The Board took the decision to close the building in March 2020 because of COVID-19. It will re-open with the successful applicant in post. In past years, the Old Schoolhouse Tearoom welcomed up to 300 visitors per month from May to September, and there was regular use of The Old School by community groups and local people, for support, health care, meetings, parties. Building renovation and extension work is due to begin later this year.

The Janitor/Cleaner post is funded by the Communities Recovery and Adapt and Thrive Funds of the Scottish Government, up to the end of December 2021.
